ANNUAL ADMINISTRATIVE REPORT

2011-12.

1. Function and Objective :-

The Department of Animal Husbandry and Veterinary is entrusted with the responsibility of all aspect of Livestock and Poultry Development, like, production, processing and marketing of livestock and poultry and their products through augmentation of production of milk, meat, eggs and wool; animal health care and prevention of animal diseases, creation of suitable infrastructure for breeding, feeding and management of livestock and poultry, processing of milk, meat and eggs and marketing of livestock and livestock products. Besides, the Department is engaged in providing the required training and extension support to livestock producers so as to promote scientific rearing of livestock and poultry amongst them with consequent generation of employment avenues in the rural areas.

The Annual Administrative Report contains information on Veterinary and Animal Husbandry activities taken up by this Department during the year 2011-12. The activities centre round the broad objective of (1) Providing protection to the Livestock and Poultry population from the ravages of contagious and non-contagious diseases through treatment and preventive measures; (2) Improvement of the level of production and potentiality of livestock in the State by introducing improved breed, and ensuring better Animal Husbandry practices by adopting approaches of extension and research; (3) Building up adequate technical and training facilities and (4) Encourage to set up Livestock Industry in the State.

To intensify the facilities for treatment and preventive measures through Vaccination, a network of Hospitals, Dispensaries, Mobile Dispensaries and Aid Centres have been established covering a vast area of the State. In addition to these, Schemes like Animal Diseases Surveillance, Rinderpest Eradication, Foot and Mouth Diseases Control, Systematic control of Livestock diseases of National Importance have also been sanctioned and implemented during the year under report. Thousands of animals were treated by the technical Staff of Veterinary Institution. Apart from treatment of animals, these institutions look after other aspect of livestock development through preventive inoculations, artificial insemination, removal of undesired Scrub-bulls, recording of Improved breed and development of poultry population both in Public and Private Sector, etc.

On Animal Husbandry Sector, Schemes of far reaching effect like Intensive Cattle Development Project, Indo-Danish Project, Cross Breeding Schemes, Fodder Development, Piggery Development, Sheep and Goat Development and Poultry Development have been implemented. Twelve Poultry Farms, Eleven Pig Farms, Four Cattle Breeding Farms and one Buffalo Farm were functioning during the year under report. These farms supplied improved Breeding stock to the people to take up Livestock and Poultry farming to substantiate their income and also for augmenting the production of Meat, Milk and Eggs. Objective and Aims of the Major Programmes are given separately at page 8 to 13.

(a) Under Intensive Cattle Development Project, Shillong and Tura:- 16.96

Thousand numbers of Improved calves were produced during the year in different areas of the State through Artificial Insemination programmes implemented under this Scheme. During the year under report **27.62** thousand artificial inseminations were carried out in the State to produce improved calves for augmenting Milk production. Frozen semen Technology has been introduced for Artificial Insemination programmes. Two Liquid Nitrogen Plants have been installed at Upper Shillong & Tura for such purposes.

(b) The Department has been implementing various schemes for Cattle development which include distribution of calves, heifer, cows and young bulls to the selected farmers falling under different categories of General, Educated Un-employed youth and also for Small / Marginal Farmers and Agricultural Laborers. Implementation given in Annexure-I

4.3 Poultry Development: - The objective of the scheme is to meet the requirement of breeding stock, table and hatching eggs. This also aims at improving the local breed by distribution of improved breed. **12 poultry farms** have been established with the purpose of demonstration and production. Regional Poultry Breeding Farm, Kyrdekulai, Central Hatchery cum Poultry Farm, Umsning and Poultry Farms at Rongkhon, Jowai & Nongstoin have hatcheries for producing chicks for distribution to different District Poultry Farms and the farmers and other integrated private agencies for extension of poultry development programmes in the State. A broiler chick production unit is also one of the objectives under poultry development to produce 1(one) lakh broiler chicks per annum to meet the local demand. Achievements of Poultry Farms are shown in the Table – 2.

N.B: Out of twelve Poultry Farms established in the State, one Farm namely, Poultry Farm Phulbari is not functioning. However, efforts are being made to revive this farm.

(a) The Regional Poultry Breeding Farm and Broiler Farm established at Kyrdemkulai produced **30.16** Thousand layer Chicks and **12.35** Thousand Broiler Chicks. These Chicks were supplied to Government Poultry farms established at different Districts as well as to private Farms for raising their stock.

(b) Schemes for Subsidy for Poultry unit General, Educated Un-employed Youth and Assistance to SF/MF/AL for rearing of Poultry is also in existence. Implementation is given in Annexure-I

4.4 Piggery Development: - Pig is one of the most important species among the small animal in the State and pig rearing is the most common occupation with the tribal people of the State. The suitability of the climate, fondness to pork among the major section of the State population and availability of good market for pork promise wide possibilities of development of the pig industry in the State. But the main drawback in this sphere is that most of the farmers prefer to rear inferior quality of stock of non-descript breeds. About 88% of the total villages reared are non-descript local breed and only 12% reared Cross Bred pig.

With a view to upgrade local stock, the Department of Animal Husbandry and Veterinary has taken up schemes to introduce improved breeds of pigs such as Saddle back, Hampshire, etc. These improved breeds of pigs are kept at Government pig farms located in every district for the purpose of demonstration as well as for producing better stock for supply to the interested farmers. A Regional Pig Breeding Farm was established at Kyrdemkulai during the 7th Plan period in the year 1986-87 with financial assistance from N.E.C. The farm, which is now under the State plan, is maintaining Hampshire breed pigs for scientific breeding purpose. The farm produced piglets and supply to all the District farms for raising and multiplication and for supply of these piglets to farmers. Under Piggery Development there were **13 (Thirteen) pig farms** including the Regional Pig Breeding Farm Kyrdemkulai established in the State. The stock position and achievement of Government Pig Farms is shown in Table – 3.
